TRIVIA NIGHT

As many of you would know we held our annual Trivia Night on Friday. This years theme was Saturday Night Fever and we had another phenomenal turn. As always it is so warming to see our community come together for a fun filled evening supporting the school and getting into the spirit of the evening.

A big thank you to Reanah Reynolds for all the many hours that went into co-ordinating the event, with assistance from Ariane Olsen, Mandy Smith, Rebecca Cleghorn, Renee Jenkins and all the other FOTS members who also contribute behind the scene. Also thanks to everyone who donated prizes and goods, especially Ray White - Carpenter Realty for your ongoing generosity and support.

Can't wait for next year!

Fun Run Update

Thank you to everyone who participated in our Colour Fun Run this year. We have now managed to get all the prizes out to our students.

Our top student was Sophie Jacobs from Room 4. She raised \$1042.23 which contributed to her classes total of \$2137.47. This made them the biggest fundraisers and they will be sharing a special class lunch.

As a school we raised \$13,839.20 which was a fantastic effort! Well done everybody.

Room 19

Room 19 has been working on Descriptive Writing - using a 'Hook' and language features like adjectives, similes and metaphors. Have a read and tell us what you think....

"Mac! Get back here, the only place you can go is in the forest of Billabongs by the lake of No Return." "Oh, sorry, I forgot to tell you who Mac is!" Mac is fat Bunyip, with green dirty fur and he thinks he smells great. But he actually smells like rotten fish guts! He has three blood red ugly noses, and four green horns that dig into his ears. Bunyip has ugly brown arms just the same as his rotten legs, Yuck!

Theo

Bash, smash, crash! A mammoth corn with its floppy floppy ears and smashing bashing feet from the Billabong, landed in a village of screaming millipedes

Sophi

One day Crystal flew down with Snowflake to the town below their home cave. I haven't said that but Crystal and Snowflake loved to help people in need of help. Right then a monster with slashing, gashing teeth, staring, glaring eyes, snapping, scratching claws came to attack the town!

Molly

Stomp! Stomp! Stomp! In the bush far away a Bunyip smashes the ground with his heavy giraffe feet.

The Bunyip lives in a Billabong next to a small village. In that village there is a small boy called Ping, Ping lives in a small house, in that house lives his mum and dad and his little brother. They were all told the legend of the Bunyip.

Isla

Crash, Crash! went the Bunyip in the gigantic swamp. He was bashing and crashing in his muddy t-rex feet.

Smash and bang, the Bunyip was smashing the trees in half with his sharp claws. His claws were as sharp as knives.

The Bunyip had humongous deer horns that were curled like a spiral. He had glowing, staring eyes like the sun. The eyes were as huge as a fan.
